

array identifier  
data type      size of array

```
int grades[7];
```

array identifier  
data type      size of array      elements of the array

```
int grades[7] = {100, 95, 67, 99, 72, 101, 200};
```

OR

```
int grades[] = {100, 95, 67, 99, 72, 101, 200};
```

size of array will be deduced from number of elements
