```c
#include <stdio.h>

int main(void) {
①int i = 1;

    do {
②④⑥  printf("%d ", i);
        i++;
    } while (i <= 3);
                  ③⑤⑦

⑧return 0;
}
```

① i set to 1

② prints i(=1);
  make i = i + 1 = 2;

③ i(==2) is less than 3

④ prints i(=2);
  make i = i + 1 = 3;

⑤ i(==3) is equal to 3

⑥ prints i(=3);
  make i = i + 1 = 4;

⑦ i(==4) is greater than 3

⑧ exit the program
